EDUCATION

R. C. Patel Institute of Technology, Shirpur, Maharashtra

2024 – 2028

B.Tech in Artificial Intelligence and Machine Learning

CGPA: 7.55 (till 2nd Semester)

- Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Software Engineering
- Core Subjects: Machine Learning Fundamentals, Artificial Intelligence Concepts, Probability and Statistics, Linear Algebra
- Academic Focus: Full-Stack Web Development, Backend Systems, Problem Solving, and Scalable Application Design
- Actively participating in technical clubs, coding activities, and hands-on development projects

SKILLS

Programming Languages: C, C++, Java, Python, JavaScript

Frontend Technologies: HTML5, CSS3, JavaScript (ES6+), React, Redux

Backend Technologies: Node.js, Express.js, RESTful APIs

Databases: MongoDB, MySQL

Developer Tools: Git, GitHub, VS Code, Eclipse, Postman

Deployment & Platforms: Netlify

Core Concepts: Data Structures, Object-Oriented Programming (OOP), MVC Architecture, CRUD Operations

PROJECTS

Personal Portfolio Website

React, JavaScript, HTML, CSS, Netlify

- Developed a responsive personal portfolio to showcase projects, skills, and contact details
- Built reusable React components with clean UI and optimized performance
- Deployed and maintained the website using Netlify

Project Tracker Platform (Ongoing)

React, Node.js, Express.js, MongoDB

- Building a full-stack platform to manage projects across Todo, Ongoing, and Completed states
- Designed RESTful APIs for project creation, updates, and status management
- Planned future features including authentication and analytics

ParkEasy (Semester Project)

Node.js, Express.js, MongoDB

- Developed a smart parking management system for efficient slot allocation
- Implemented backend APIs for parking availability and data handling
- Focused on scalable backend architecture and real-world problem solving

EXPERIENCE

Akatsuki Coding Club

Sept 2024 – Present

Department Representative – Web Development

- Representing the web development department in technical and academic activities
- Collaborating with team members and guiding juniors in web development

INTERESTS

Learning new developer tools and frameworks, reading AI & tech blogs, building full-stack web applications
